

specified in the table below, to be admitted or to remain at the center, until:

- i. A note from the child's or staff member's health care provider states that the child or staff member, respectively, has been diagnosed and presents no risk to himself, herself or to others; or
- ii. The center has contacted the Communicable Disease Program in the State Department of Health and Senior Services or the local health department pediatric health consultant, and is told the child or staff member poses no health risk to others; or
- iii. If the child or staff member has chicken pox, the center obtains a note from the parent or staff member stating either that at least six days have elapsed since the onset of the rash, or that all sores have dried and crusted.
