Scotia-Glenville Parents
Advocating for
Challenging Education

S.P.A.C.E. was born of a desire for parents with children attending the Scotia-Glenville School District to inform and educate each other on enrichment opportunities available for their children.

We exist to:

- Provide a forum to meet and discuss issues pertaining to challenging academic and enrichment programs.
- Support the Scotia-Glenville School District's ongoing efforts to provide high ability learners a challenging learning environment that fosters academic excellence and promotes intellectual opportunities.
- Facilitate communication between parents, teachers, and school administrators.
